

SHOUT-OUT TO REBECCA

Rebecca's understanding and internal process to FP&M occupational injuries is flawless. The Worker's Compensation claim process is very complex however Rebecca has always been an extraordinary resource. She does her job to the utmost competence. She is approachable, accessible and works in partnership with Risk Managements loss control efforts. Rebecca's competence makes my day less hectic as she responds timely and effectively to FP&M WC matters making the involved WC process go more smoothly. No amount of chocolate can show my appreciation for Rebecca in her DDR/HR/WCC role. I hope FP&M leadership reads this shout-out message being she is exemplary!
